

Full Service Floral Design

The farm's floral team can provide all the floral and decor services for your event or wedding at Blooming Hill Farm.

All floral coordination and planning including email consultations and phone calls will go through your Blooming Hill Farm Event Coordinator.

Our team will work with you to develop your vision, color scheme, and style within your budget as well as handle all aspects of setup and breakdown.

Locally grown seasonal flowers and greenery are used wherever possible.

If there is something in particular you are looking for that we are unable to source from local farms, we do also purchase from a local wholesaler.

Pricing & Customization

All items reflect pricing for standard sizes as shown in sample photos.

All items will be tailored to align with your preferred color scheme and wedding style.

Specific design requests and sizing outside of the scope of standard items may change pricing.

All design and service fees are included in this pricing. NYS sales tax will be added to your final invoice.

DIY Florals

If you are bringing in DIY florals and require help from Blooming Hill to install, set up, or break down, there will be a mandatory service fee depending on the scope of the work requested.

Personal Flowers

After the ceremony, we will collect your bridal bouquet to keep it safe in a cooler in case you choose to preserve it after your wedding day. We will always do our best to collect bridesmaids bouquets to repurpose for display at the reception. If you would like to preserve any additional personal flowers (besides the bridal bouquet) please let us know!
